Public Reporting of Policy Event

This memo states for public record an event whereby DigiStamp issued time stamps with a time value that was inaccurate by 1.5 seconds. This condition existed for a period of 10 minutes. At 1.5 seconds, this inaccuracy is greater than our commitment as defined in DigiStamp's Time Stamp Authority Policy.

We anticipate no impact to DigiStamp's Subscribers or Relying Parties.

Impacted are time stamps created on Time Stamp node "TSA2" during this time period

From: 2010.10.31 22:53:42 Z

To: 2010:10:31:23:02:55 Z

The time stamps use public key certificate: DGS91

Corrective measures have been taken to avoid this type of error in the future.
